

# GLP (Good Laboratory Practices)

**I. Yogyakarta 29 - 30 September 2010**

**II. Bandung, 29 - 30 Desember 2010**

Good Laboratory Practices is one of very good tools used to ensure that all the activities carried out in a laboratory comply with all regulations both local and international. Recently, more and more laboratories adopt this practices to achieve an excellent level in their operation. As with ISO/IEC 17025, this practices assure that the output generated from their operation is valid, reliable, accurate and can be accepted internationally.

## TRAINING GLP CONTENT:
